

Cityliner EP391HB

...a journey of great class, with a gritty design...

Futuristic, harmonious, distinctive, provocative so that the new Cityliner presents itself to the public. Seen from far away already shaping up to first-class ride comfort.

This coach has an irresistible charm and on board, passengers can experience the ultimate in luxury.

The point of view virtually unlimited invites passengers to sit back and enjoy the passing landscape as a mobile cinema.

The ultimate in modern engineering, provides an output low emissions. Innovative safety components ensure the passengers and the driver optimum protection.

The new Cityliner is compatible with the Euro-4 on the exhaust gas, without the addition of AdBlue®.

The interior is fitted with high quality materials and ingenious details that make every trip a pleasure.

Wide doors and steps ensure safe and easy climb and descent.

Two LCD screens of excellent quality and the audio-video system with DVD player and Blaupunkt CD slot provide superior entertainment.

The spacious toilet cubicle can be easily reached from the inside.
