

Coach for the transport of sports teams

... Mascaretti carries its champions ...

A growing number of sports teams choose minibuses or buses to reach the site of games, contests, or any kind of sporting events that takes place away from their own city.

With regard to the transfers of athletes at sporting events, we offer solutions with 19 vehicles, 28, or 49 seats.

The fitting of our vehicles are designed to provide greater comfort and allow the athletes to relax and enjoy the journey even before an important meeting.

They have already chosen as their partner Mascaretti s.r.l. :
